You Won't Miss a Single Episode When You *Listen Now* or *Listen Later*

Home page

Listen Live on Your Computer:

Listening to Unity Online Radio is only a click away. Go to www.unity.fm and click on the “Listen Now” button. You can find the “Listen Now” button on the home page or any of the various program pages. When you click on the button, the Unity Online Radio player will pop out of the screen. You will see the program currently playing as well as what is coming up next. The pop-out player allows you to listen to our programming while you continue to browse our site or surf the Web. To turn the pop-out player off, simply click on the “x” in the top right-hand corner of the player.

Listen Live on the Go:

- **Stitcher SmartRadio**—Available for iPhone, Android phones, WebOS phones or BlackBerry. To download, go to stitcher.com or check out your app store. Once installed on your mobile device, you can listen to Unity Online Radio live using the “Live Stations” feature. Search for Unity Online Radio Live.
- **Live 365 Internet Radio Network**—Available for iPhone and Android users. iPhone users should visit the App store; Android users should visit the Android Market to download the Live 365 app. Once the app is installed on your mobile device, search for Unity Online Radio and listen to your favorite programs live and *on the go*.

Listen Later on Your Mobile Device or Computer:

Subscribe to your favorite programs using the RSS feed, iTunes or the recently added Stitcher:

- **RSS feed**—An RSS feed is used to receive new audio files each time a program’s archives are updated. Click on the “RSS feed” button (below the program overview and above the episode description) and follow the prompts.
- **iTunes**—Subscribe to your favorite programs through iTunes. You can then manage the podcasts through iTunes or transfer to an MP3 player, iPhone, iPod Touch, iPad, etc.
- **Stitcher SmartRadio**—The latest episode of your favorite program is always available—no syncing needed and no memory or storage wasted! Available for iPhone, Android phones, WebOS phones or BlackBerry. Go to stitcher.com or check out your app store. Once installed on your mobile device, use the “on demand” feature and search by program name.

Listen from your computer:

Go to the Unity Online Radio home page (www.unity.fm), locate the “Program Archives” at the top of the home page or select a specific program from the “Program Directory” located on the right-hand side of the network’s home page. To the right of the episode title is a “Download MP3” button. This will give you the option to Open or Save. If you “open,” the stream will begin playing; if you “save,” you will be able to save the file. You can then listen at your leisure or transfer the files to an MP3 player.

(Mac users: Right click the button for the option to “open” or “download linked file.”)
